

R-40

R-40 is a simple and practical folding table with four legs. It features curved steel feet on both sides, providing generous legroom around the table. The table folds easily with locking brackets located underneath the tabletop. Standard frame colors are black and silver (RAL 9006). Chrome legs are also available at an additional cost.

R-40 can be customized in other finishes upon request. A storage trolley is available, accommodating up to 20 tables stacked horizontally. The table stacks efficiently, adding only 5 cm in height per table.
